- 12.1.2 Successful Applicants are required to accept or decline the training offer by the due date specified in the letter of offer.
- 12.1.3 Where a successful Applicant declines the offer, they will forfeit their offer and will not be considered further in the selection process.

12.2.6 When an Applicant advises of their intention to commence clinical training, the Committee will determine their allocation based on their relative selection ranking in comparison with other Applicants appointed in the year they will commence clinical training.

12.2.7 Applicants are not permitted to apply for retrospective accreditation of clinical work undertaken during any period of deferral.

12.2.8 Applicants must apply in writing for permission to undertake any training requirements (compulsory courses, exams, etc.) whilst on deferral.

Once the period to apply for Reconsideration of that score expires the score is final and the Applicant cannot request a Reconsideration of that score at a later stage in the selection process.
- 13.5 Applications for Reconsideration must be accompanied by all relevant information or grounds upon which the Applicant seeks to rely in respect of the Reconsideration. The Applicant will bear the onus of proof to establish the grounds of the reconsideration application.
- 13.6 In the absence of manifest error in the scoring of Structured Curriculum Vitae or selection to the SET program, applications concerning CV scoring will not be accepted.
